

Jan. 27 [1981]

Dear Robert,
 As I have told you before, I cannot
 show partiality to either twins, but since
 I received the letter from Louise McEue
 today I figured there are some parts
 that will be of interest to you, and I am
 sure she won't mind that I am
 letting you copy what she wrote. It is
 too bad you never got to meet her, for
 she is marvelous in your type of
 work, as you readily see.

I mentioned to Donald that I had
 the article on Mauch Chunk, or now
 Jim Thorpes which may or may not be
 of interest to you.

I have sent the article of Vern's on
 to Gertrude. Thanks so much for both
 copies. I continue to discourage her
 from coming up while the weather
 is so unpredictable.

Sincerely
 Edith.
